

¡Valle!
Get your start in tech

Deadline Extended! Apply today!

¡Valle! Get your start in tech! has enabled undergraduate students in STEM like you to meet each other, build skills, gain confidence, and access rewarding experiences in research or graduate school.

Meet students from across the Central Valley and work with graduate students and researchers who have successful STEM Career.

Online sessions:

- Fridays for one hour via zoom 2/4, 2/11, 3/4, 3/11/2022
- An in-person, 48-hour retreat on Presidents' Day three-day weekend
- Must attend all sessions

By walking through the **¡Valle!**, you will:

- build communication and networking skills,
- learn a new coding skill with Google Earth Engine,
- learn about career pathways,
- increase your confidence and sense of belonging in STEM,
- prep application materials for your next adventure,
- grow your community, network and make connections with students like you,
- get insights into the many opportunities open to YOU.

Since 2018, CITRIS **¡Valle!** has fostered diversity in STEM by increasing the accessibility of students in STEM to research experiences, graduate school, and careers in technology.

First and second year students are encouraged to apply. African American/Black, Hispanic/Latino/a, Native American/Alaskan Native, womxn, LGBTQA+ identities and people who are blind or deaf are encouraged to apply. All applicants will be considered without regard to race or gender.
