¡Valle!

GET YOUR START IN TECH

Get mentoring, experience, and a network of tech-interested peers and friends.

Starting in 2021, through weekly meetings and special activities, you will:

- build experience in tech-related research
- learn about career pathways
- increase your confidence
- prep application materials
- practice networking skills and make connections
- get insights into the many opportunities open to YOU.

¡Valle! aims to foster diversity by increasing the accessibility of historically underrepresented students in STEM to research experiences, graduate school, and careers in technology. The program is extended, but not limited, to underrepresented minorities, women, first-generation college students, educationally or financially disadvantaged students, and students with disabilities. First and second year students are encouraged to apply. All applicants will be considered without regard to race or gender.

It's never too early to get your start in tech. From Silicon Valley to the Central Valley to Yosemite Valley, ¡Valle! will help you to level up!
